

Food and Shelter for Animals

There are different kinds of animals on the earth. Some are big. Some are small. Some animals are kept at homes and farms.

Food of Animals

- *Different animals eat different types of food.*
- *Some animals are plant eaters.*
- *Some animals are flesh eaters.*
- *Some animals eat both plants and flesh of other animals.*
- *Some animals like birds and bees make their own homes.*
- *Some animals live in the natural shelters.*
- *Some animals live in homes built by us.*
