

LITTERA PUBLIC SCHOOL

CLASS 1

CHAPTER - 6

SCIENCE

Our Body

Our Body is like a machine. It has many parts to do many works. Each parts has its name.

We have five sense organs.They are eyes,ears,nose, tongue,and skin

- *There are different parts in our body.*
- *We use our hands to eat,write and hold things.*
- *We use our legs to walk,run and play.*
- *There are five sense organs in our body – eyes, ears, nose, tongue and skin.*
