

LITTERA PUBLIC SCHOOL

CLASS II.

CHAPTER 9.

SCIENCE

SAFETY FIRST

Answer the following questions

1. How can we avoid accidents?

Ans. We can avoid accidents by following safety rules.

2. What are safety rules?

Ans. Rules and methods that help us to be safe are called safety rules.

3. What should we do before crossing the road?

Ans. Always use zebra crossing to cross roads. We may use foot over bridge or subway to cross the roads if available.

4. Why should we not tease stray animals on the road?

Ans. We should not tease stray animals because they may bite us.

5. What is first aid?

Ans. The first immediate help given to an injured person is called first aid.
